Vice President:	Matt Falker, Mira Costa College
Legislative Advocate:	Chaumonde Porterfield-Pyatt, College of the Sequoias
Curriculum Rep.:	John Gerhold, Bakersfield College
Treasurer:	Chauncey Maddren, Los Angeles Valley College

---

Whereas Associate Degrees for Transfer (ADTs) are limited by Education Code to a total of 60 units completed at the CCC institution and must include completed CSU Breadth or IGETC General Education which consists of 38-39 units, leaving only 21-22 units of major preparation for music; and

Whereas the music major is a recognized high unit major as evidenced by the 124-132 unit Bachelor of Music (BM) degrees at numerous CSU campuses, including CSU Long Beach, CSULA, CSU Fullerton, CSU Stanislaus, San Jose State, San Diego State, and the required lower division music curriculum at these institutions ranges between 33 and 40 semester units; and

Whereas some disciplines such as Biology and Chemistry developed Transfer Model Curricula (TMCs) dependent upon "IGETC for STEM" which allows more discipline specific units to occur at the CCCs by permitting select general education courses to occur after transfer; therefore

Resolved that the MACCC Executive Board recognizes the high unit nature of the music major; and

Resolved that the MACCC Executive Board supports efforts to include music as a discipline eligible to make use of "IGETC for STEM" in the development of ADTs in music.
